

HÖCHSTE JAHRESZEIT, BEI UNS VORBEIZUSCHNEIEN È IL MOMENTO GIUSTO PER TUFFARVI NELLA NEVE THE BEST TIME OF THE YEAR TO SNOW INTO

Scoprire il meraviglioso e candido mondo alpino, percepire lo scricchiolio della neve sotto i piedi durante una passeggiata in compagnia: il Renon offre numerose opportunità anche alle temperature più rigide. Le famiglie amano i dolci e ampi pendii del comprensorio sciistico Corno del Renon. Il primo sentiero premium d'Italia, a oltre 2.000 metri di altitudine, schiude unammaliante vista a 360° sulle cime dell'Alto Adige, mentre l'incautevole pista naturale da slittino emoziona grandi e piccoli. Che si tratti di ciaspolate, tour di scalpinismo o sci di fondo, il Renon è un vero paradiso per gli appassionati di sport invernali e per gli amanti della natura.

Le attività all'aria aperta stimolano l'appetito e sono una fonte di gioia. Le nostre aziende ricettive completano i piaceri invernali con delizie culinarie, tanta cordialità e speciali pacchetti per le vacanze.

Head out to explore the beautiful, snow-blanketed mountains together and listen to the sound of the snow crunching under your feet: even when the temperatures are in the minus figures, the Ritten has got so much to offer. Families love the gentle, wide slopes of the Rittner Horn family ski resort, and hikers can look forward to a breathtaking 360° panoramic view of the South Tyrolean mountains from Italy's first Premium Winter Trail, at over 2,000 metres; the magnificent natural sledge run is a guaranteed winner with kids and adults alike, while the many snowshoeing, slope touring and cross-country skiing opportunities on the Ritten tick every single box for both winter sports fans and nature lovers.

Outdoor activities bring endless happiness—and give you an appetite to match. With their superb cuisine, home-from-home hospitality and special holiday deals, our hotels and restaurants add the perfect finishing touch to your winter fun.

Die wunderbare, verschnittene Bergwelt entdecken, beim gemeinsamen Spaziergang dem Knirschen des Schnees unter den Füßen lauschen – der Ritten hat auch bei Minusgraden eine ganze Menge Pluspunkte. Familien lieben die sanften und breiten Pisten im Familienskigebiet Rittner Horn. Italiens 1. Winter-Premium-Weg auf über 2.000 Metern lockt mit einem faszinierenden 360° Blick auf die Südtiroler Bergwelt. Die reizvolle Naturodelbahn lässt nicht nur Kinder vor Freude jauchzen. Ob Schneeschuhwandern, Pistentouring oder Langlaufen, auf der Ritten kommen aktive Wintersportler genauso auf ihre Kosten wie Naturliebhaber.

Sportliche Aktivitäten an der frischen Luft machen hungrig und glücklich. Mit kulinarischen Gaumenfreuden, ganz viel heimeliger Gemütlichkeit und speziellen Urlaubspaketen runden unsere Gastbetriebe Ihr Wintervergnügen ab.
